

Mr Wilson's Weekly Message

Another half term has whizzed by and I speak alongside all staff at The Hurlingham Academy when I say, it has been a busy one! While preparing and supporting Year 11 through their GCSE exams, we have also had weekly enrichment; our Year 8 First Give events; parents evenings; the brilliance club graduation; numerous successful sporting competitions and trips all over London and the surrounding area. These opportunities mean everything to me as a Head. As well as ensuring our Year 11s are best prepared for their GCSEs, we are not a school that closes off opportunities for Years 7-10 during this exam period. We strive to provide an education with character at all times. Of course, I care about life outside the class-room and the holistic education of our students. Of course, I care about their GCSE results. However, it is just as important to me that my students respect themselves and one another and enjoy their time at school. You only get one education: make the most of it! I plan on taking some time to rest over the half term and I know that next half term is going to be just as busy, and personally, I cannot wait. I hope you all have a lovely break and I look forward to welcoming everyone back on Monday 5th June.

End of year assessments

End of year exams for all students begin on **Monday 12th June**. These exams are important and will help you to see how your child is performing in each subject and will be used to decide their sets for next year. Students must make sure they are in school every day and that they get plenty of rest each night. Your child will receive their exam timetable and revision manifests today, so that they can begin revision over half term. You can also find these [here](#). Please contact your child's Head of Year with any questions about the exams.

The Hurlingham 10 for Studying

1. Eat Breakfast 
2. Get plenty of sleep 
3. Mobile phones 
4. No music with lyrics 
5. Not all stress is bad 
6. Direct your learning 
7. Self-Quiz 
8. Don't Cram 
9. Interleave 
10. Use pictures and words

Year 7 Enrichment

As part of enrichment on a Monday, Year 7 participate in a range of clubs, from knitting to football. One club that has been incredibly popular throughout the year is our team-building and outdoor pursuits club Urban Rangers. This week, pupils completed a number of problem solving tasks, including how to get the bucket out of the circle without touching it! I was incredibly impressed with the teamwork and resilience shown by pupils during the activity. Well done to all who took part.

Equipment for assessments

Your child will be sitting their end of year maths assessments one week after half term. These will determine their sets for September and could affect whether they take the Foundation or Higher GCSE. It is very important, therefore, that they have their equipment. Students must have a Calculator (must be Scientific if they are in Year 9 or 10), a ruler, a pencil and an eraser.

We will not be giving out any of this equipment, so if students do not have it, they will lose marks. Thank you very much for your support.

Key dates for weeks beginning 5th and 12th June

Description	Date	Time
Half term	Monday 29 th May – Friday 2 nd June	All day
GCSE exams continue	Monday 22 nd May– Friday 16 th June	All day
