

Mr Wilson's Weekly Message

As I said in my email yesterday, it has been a very strange week for me not having pupils in school. I've not been able to play table tennis or chess with anyone this week. I won't even get to do my Friday afternoon tannoy. I hope your children are slowly adjusting to working from home as we go through this unprecedented period. All teachers are also working from home and they are setting work for your children to complete via SMHW, Hegarty maths, Seneca etc. It's important your children are completing the work set by their teachers each day. I would also like to stress the importance of spending quality time together as a family. Your children may just need someone to talk to.

Please let us know if there is anything we can do to help. The head of year for each year group will be available to answer any questions they may have. Finally, please ensure that your children are taking regular breaks from their school work throughout the day. Home Learning is important but your children mental health and wellbeing are far more important over the coming months. At this time it is important that we all stay safe, and ensure we are following government guidelines at all times. I wish you all a safe and restful weekend. Please contact me if you have any suggestions or ideas you have found to be useful that may be worth sharing with other parents. Now more than ever, it is important that we continue to work together, sharing helpful ideas and supporting those within our community.

Mr Wilson's Commendations

I am getting daily updates from all the teachers here at The Hurlingham Academy and it is so lovely to hear just how impressed they have been with our pupils commitment to their learning during this difficult time. I think that it is important that we recognise and celebrate those pupils who have shown outstanding commitment to their studies despite working from home.

Mr Capes would like to say well done to the following pupils who came top for Hegarty maths this week; Siobhan (year 7), Chuqiao (year 8), Isadora (year 9), Kani (year 10) and Mariam (year 11). She would also like to say well done to all of her year 9 class for their fantastic effort and Ibraaheem (year 11) for really stepping up this last week. Well done to all of the above pupils.
